"Geometrie" (ref. AF291) is the apartment for rent in Varazze that we present today, a delightfully welcoming solution, with adequate space and sea view.

We are located behind the Santa Caterina area, in a dominant position.

To get to the house we must start from the seafront, near the post office, and walk 350 meters.

If you love walking with a view you will notice that a few meters from the apartment starts the path that leads to the summit of Mount Grosso, a place that houses the sanctuary of the Madonna della Guardia, as well as a panoramic point loved by both locals and tourists. From up there you can admire the entire gulf and, in the right season, experience the thrill of paragliding over the sea.

But now let's go back to our house, take the elevator and get to the third floor.

Upon entering we discover a renovated environment, composed of neutral colors, very relaxing.

From the hallway that welcomed us we pass, in front of us, to the kitchenette, well lit thanks to the French window overlooking the balcony.

This large outdoor area with partial sea view is an excellent ally to spend happy hours in the shade of the tent and, why not, enjoy a

nice lunch.

We return through the other French window, which allows us to access the other room: the living / sleeping area.

The room we enter is also bright and large and well distributed.

The environment is in fact organized as a living area in the part closest to the external space and divided through a bookcase also for the sleeping area, where we will find the double bed and the wardrobe.

A single bed in addition offers the third bed.

A ceiling fan cools the environment.

The bathroom, also renovated, has its own French window and the design of the
