APARTMENT CURRENTLY AVAILABLE FOR THE MONTHS OF JUNE AND SEPTEMBER 2025.

"Anfitrite" (ref.AF362) is the home of the goddess of the sea, an apartment for rent in Varazze with a balcony "diving" into the sea. Let's find out together.

The location is easy to find: where the promenade that runs along our beaches begins, there is the building that houses this house. The building stands on the sea and the historic center and all services are behind it.

To enter we take the elevator and go up to the third floor.

We open the door and immediately appreciate the interior, broadening our gaze to the typical terrazzo floors. The corridor gives access to the kitchen and the dining room, connected to each other and with exit to the balcony with sea view. Listening to the waves crashing on the shoreline is poetry. The internal doors, painted in light blue, enliven the rooms and guide you through them.

We continue with the visit of the living room, organized with a beautiful relaxation area and with exit to the balcony.

The sleeping area consists of two bedrooms: one double and one twin, facing the greenery.
The bathroom with window and shower is spacious and features the colours of the sea.

The care of the spaces and the combination of colors with wooden furnishings create a relaxing atmosphere, perfect for spending your holidays in a relaxed dimension.

The apartment has independent heating and is furnished and equipped to accommodate up to 4 people.
Rental contract for tourist use.
