The apartment for rent in Varazze in the heart of the historic center and a stone's throw from the sea that we present today is "Caruggio" (ref.AF334).
An apartment that will certainly be able to accommodate its guests between the scent of the sea and the authenticity of its structure, without forgetting comfort.

We are inside the Solaro village, that is, the part of the historic center that winds from the Municipality towards the east.

The building, in order, stands a few meters from the sea.
We will access right from the alley, accompanied by the pavement, the colors, the commercial activities and savoring the scents that follow one another here.
A riot of typicality.

We go up to the second floor and enter.

The living room opens up before us, where we notice a high brightness, very pleasant.
On the right we discover the next two rooms: the eat-in kitchen, from whose window we see a slice of sea and a single bedroom.
From here we move directly to the double bedroom, large and equipped with two windows.

We pass through the living room again to enter, on the left side, the bathroom with window.
There is also a small storage room.

The renovation that has just been carried out here took into account the typical nature of the structure, maintaining and enhancing the soul of the houses in the historic centre.
The colorful furnishings give the typical freshness of summer thoughts, forming a house suitable for hosting 4 people.

The heating is autonomous and the fixtures are new generation.
Tourist rental contract.
